Legal Issues of Economic Integration

Law Journal of the Europa Institute and the Amsterdam Center for International Law, University of Amsterdam

Also available online at www.kluwerlawonline.com
Kluwer Law International’s *Legal Issues of Economic Integration* publishes thought provoking and peer-reviewed articles, case-notes and book reviews on European economic law and international economic integration subjects.

‘Legal Issues’ provides an international forum for the legal implications raised by the process of economic liberalisation. It treats European and other regional trading systems, and draws recent cases and legislative developments into the larger framework of the World Trade Organization and other multilateral international economic organizations.

The journal includes contributions from leading academics, international law practitioners, and legal representatives of international economic organizations.

Published four times each year, the journal’s sophisticated and scholarly articles make *Legal Issues of Economic Integration* essential reading for academics, practitioners, government officials, and international civil servants concerned with the law of economic integration.
